EXTERIOR LIVING BY SIKA-DESIGN

SIKA DESIGN

A PROUD TRADITION OF CRAFTSMANSHIP

Our passion for and understanding of rattan dates back decades. We have been around long enough to call ourselves Scandinavia's oldest producer of rattan and wicker furniture.

The story of our company begins in 1942, when Ankjær Andreasen produced the first batch of baskets, lamps, flower tables and other smaller interior items made of rush and willow. In the 1950's, Ankjær expanded his production to include a series of furniture made from rattan, and the company Sika-Design was firmly established.

The rattan was imported from the Far East, and Ankjær traveled there to purchase the rattan for his wicker makers in Denmark. During a trip in 1972, he was so impressed by the skilled wicker makers that he decided to establish a wicker furniture factory in Malaysia. Since then, the Far East has been essential to our production of furniture. Today, we manufacture our furniture in our own factory in Indonesia. Ankjær's son, Knud Andreasen, took over the company in 1983, however Ankjær continued his daily "inspections" until his death in 1997. On my 10th birthday, my father allowed me to attend a fair where Sika-Design was exhibiting a series of rattan furniture.

On that day, I knew I wanted to be a part of his company, and my passion for rattan furniture began. Since 1996, my father and I have worked side by side bringing Sika-Design into the new century with great design, while never letting go of our strong heritage of great craftsmanship.

Sika Design respects human rights and complies with the SA8000 standard for social accountability, and we demand the same commitment from our suppliers. Products from Sika Design are developed and marketed in accordance with our management system for environment and social responsibility ISO 14001/2004 and SA8000/2008. Certified by Bureau Veritas Certification.

AVANTGARDE

Avantgarde from Sika-Design is a unique collection of furniture designed for exterior living. The collection is created with an eye for the simple and solid elegance with an exclusive touch; all characteristics for Scandinavian design, which makes Avantgarde a timeless and sophisticated collection. Avantgarde is designed to focus on seat comfort and functionality, combine these assets with the Scandinavian design principles, and the result is a unique collection. Avantgarde is hand woven from an outdoor fibre on a strong hot-dip galvanized metal frame, which is powder coated to ensure a finish that can endure all weather types and temperatures. As a result, Avantgarde is maintenance free, weatherproof, washable, UV and temperature resistant, environmentally friendly as well as extremely durable. Avantgarde is the obvious choice whether you want to have a cozy moment after a day at the beach, relax after a set of tennis, or celebrating with your friends with a glass of champagne. Avantgarde is a collection for individuals who wish to have unique and stylish outdoor furniture.

PLUTO CHAIR

Pluto chair is very comfortable, and suited for hotel and restaurant use.

VENUS CHAIR

Venus chair is stackable and very elegant. Suitable for both residential and contract use

MARS SUNBED - ORION SIDE TABLE

THE BEAUTY OF ARTFIBRE

Although we have a strong heritage for natural rattan furniture, and we truly love making furniture in this material, ArtFibre, steel, and aluminum also have some amazing qualities, especially for outdoor use.

Our exterior collections feature a range of furniture suitable for extensive wear and tear, and challenging weather conditions. Many hotels, restaurants and cruise liners around the world welcome their guests with furniture from Sika Design. This requires a material that is sturdy and stays beautiful for a long time.

HARDWEARING ARTFIBRE

Our ArtFibre is a fiber made of dyed and hardwearing polyethylene. The structure of the fibers and the weave provide flexibility and optimum comfort. The ArtFibre can withstand the sun's burning UV-rays, heavy rain, and even frost. You can literally leave your furniture made with ArtFibre outdoors all year round.

All exterior furniture from Sika-Design is woven on aluminum or on a hot-dipped galvanized and powder coated steel frame.

UPHOLSTERY AND CUSHIONS MANUFACTURED IN DENMARK

The quality of good craftsmanship is also felt in our cushions, where we draw on great experience and expertise when we decide the shape and characteristics of each cushion.

Since the 1950s when Ankjær started his furniture production, we have developed customized cushions to all our models in our own facilities in Denmark. Our high-quality upholstery and seat cushions are made-to-order and can be chosen from a broad variety of high quality fabrics.

CUSHIONS

For our Avantgarde collection we offer cushions with the Italian textile brand “Tempotest“.

TECHNICAL FEATURES

Composition:	100% solution dyed “outdoor”acrylic fibre
Impermeability:	Water-repellent
Colour fastness:	>7/8
Martindale:	17.000 cycles
Pilling:	4 at 2.000 cycles
Finishing:	Soil resistant, oil- and water repellent with teflon.
Cleaning:	Handwash at 30 Degrees

TEAK ITEMS

Our teak items are made of old recollected teakwood. It can be from old houses, old fisher boats or old rail road supports. The wood will appear with reparations and fillings. After a few weeks outside the teak wood will patinate to a beautiful silver grey colour.
