## A PROUD TRADITION OF CRAFTSMANSHIP

Our passion for and understanding of rattan dates back decades. We have been around long enough to call ourselves Scandinavia's oldest producer of rattan and wicker furniture.

The story of our company begins in 1942, when Ankjær Andreasen produced the first batch of baskets, lamps, flower tables and other smaller interior items made of rush and willow. In the 1950's, Ankjær expanded his production to include a series of furniture made from rattan, and the company Sika-Design was firmly established.

The rattan was imported from the Far East, and Ankjær travelled there to purchase the rattan for his wicker makers in Denmark. During a trip in 1972, he was so impressed by the skilled wicker makers that he decided to establish a wicker furniture factory in Malaysia. Since then, the Far East has been essential to our production of furniture.

Today, we manufacture our furniture in our own factory in Indonesia. Ankjær's son, Knud Andreasen, took over the company in 1983, however Ankjær continued his daily "inspections" until his death in 1997. On my 10th birthday, my father allowed me to attend a fair where Sika-Design was exhibiting a series of rattan furniture.

On that day, I knew I wanted to be a part of his company, and my passion for rattan furniture began. Since 1996, my father and I have worked side by side bringing Sika-Design into the new century with great design, while never letting go of our strong heritage of great craftsmanship.

Sika-Design respects human rights and complies with the SA8000 standard for social accountability, and we demand the same commitment from our suppliers. Products from Sika-Design are developed and marketed in accordance with our management system for environment and social responsibility ISO 14001/2004 and SA8000/2008. Certified by Bureau Veritas Certification.

### GEORGIA GARDEN

Our Georgia Garden collection was from the beginning inspired by the colonial style from the old British colonies, but also from old Danish willow chairs. Georgia Garden collection is available in a beautiful classic antique colour. Some designs are also available in Chestnut and Vintage white.

Our teak items include tables, extension tables, a round table and a bench. All is made of reclaimed teak wood from old houses and fisher boats, and will appear with reparations and fillings.

The inspiration has been the old British colonies and the idea of past times. I imagine the ladies who were wearing big hats and beautiful dresses and men in light summer suits, enjoying their afternoon tea and Pimm's No. 1. I imagine them sitting in elegant wicker furniture on a porch in the shade of the trees.

The furnitures are created by the old drawings of the original wicker furniture found in old books and from old postcards. This development has been exciting, challenging and especially fun. Georgia Garden is hand crafted of strong and maintenance-free synthetic fibres woven on aluminium frames. This means that the furniture will stay beautiful year after year.

Enjoy our catalogue and be inspired.
