

SARANDON SHOE CABINET-COAT HANGER

SARANDON PORTMANTO

P4007

Dear Customer,

We design and produce our products for people to love and have fun with them as we do.

The product you bought was subjected to all sorts of tests and control before sending out to you.

Before start assembling, please check the whole components and accessories according to the lists. If you bought more than one product, to prevent confusion be sure that you completed the first product. Then start the other product's assembling.

Before start assembling, please clean all the components with a damp cloth. Also for usual cleaning, this will be enough.

Although all the products are produced and packed carefully, sometimes happen that some component is damaged during the transportation. In such a case please check the missing or damaged part and do not hesitate to contact us.

Do not use your furniture for out of purposes. If you would like to use it, please contact us for further questions.

Do not directly contact your furniture with excessive heat, cold and humidity because the product can be affected..

ATTENTION !!

Minifix is the main connection material used in products. Before starting assembly, please check the drawings below.

Diagram 1 illustrates the assembly of the base frame. The frame consists of several rectangular panels labeled 11, 12, 13, 14, 15, and 16. Screws A22 and A23 are used to secure the panels. A circular inset shows a close-up of a screw being inserted into a pre-drilled hole.

Diagram illustrating the assembled shelf unit with numbered callouts:

- 11: Top shelf panel.
- 12: Left vertical support panel.
- 13: Right vertical support panel.
- 14: Central vertical support panel.
- 15: Middle shelf panel.
- 16: Bottom shelf panel.

Diagram illustrating the assembly steps for the base plate:

1. Pre-drill holes in the base plate.
2. Drill larger holes in the base plate.
3. Insert the base plate into the wall.
4. Tighten the screws.
5. Tighten the screws.
