Dear Customer,

We design and produce our products for people to love and have fun with them as we do.

The product you bought was subjected to all sorts of tests and control before sending out to you.

Before start assembling, please check the whole components and accessories according to the lists. If you bought more than one product, to prevent confusion be sure that you completed the first product. Then start the other product's assembling.

Before start assembling, please clean all the components with a damp cloth. Also for usual cleaning, this will be enough.

Although all the products are produced and packed carefully, sometimes happen that some component is damaged during the transportation. In such a case please check the missing or damaged part and do not hesitate to contact us. You can send e-mail to info@hobby.com or reach us at [+353146000000](tel:+353146000000)

Do not use your furniture for out of purposes. If you would like to use it, please contact us for further questions.

Do not directly contact your furniture with excessive heat, cold and humidity because the product can be affected..

ATTENTION !!

Minifix is the main connection material used in products. Before starting assembly, please check the drawings below.

Diagram illustrating the assembly of a cabinet. The diagram shows a perspective view of a rectangular cabinet with three numbered callouts:

- 1**: Points to the top panel of the cabinet.
- 3**: Points to the left side panel of the cabinet.
- 4**: Points to the right side panel of the cabinet, specifically to the area where a hinge is being installed.

The diagram also shows the installation of hinges and drawers. A hinge is shown being attached to the right side panel (4) and the top panel (1). A drawer is shown being inserted into the cabinet, with its front panel (3) visible. The diagram is a line drawing with no shading.
